

KULDEEP KUMAR

Full Stack Software Engineer | React.js | Next.js | Angular | Spring Boot | AWS | DevOps
Punjab, India | +91 9855171485 | kuldeep.navv@gmail.com

Professional Summary

Results-driven Full Stack Software Engineer with 3+ years of experience designing, developing, and deploying enterprise-grade web applications, cloud-native solutions, and CMS-driven platforms. Strong expertise in React.js, Next.js, Angular, TypeScript, Node.js, Express.js, and Spring Boot. Experienced in Storyblok, Strapi, Payload CMS, payment gateway integrations, Docker, CI/CD pipelines, AWS cloud services, and scalable API development. Proven track record of delivering CRM systems, analytics dashboards, legal-tech solutions, inventory management platforms, and Office Add-ins.

Technical Skills

- Frontend: React.js, Next.js, Angular, TypeScript, JavaScript, HTML5, CSS3, Material UI, Redux Toolkit
- Backend: Node.js, Express.js, Spring Boot, REST APIs, JWT, OAuth
- CMS: Storyblok, Strapi, Payload CMS, Headless CMS Architecture
- Cloud & DevOps: AWS (S3, RDS), Docker, CI/CD Pipelines, GitHub Actions, Vercel, AWS Amplify
- Databases: MySQL, PostgreSQL, MongoDB
- Payment Integrations: Stripe, Razorpay, PayPal
- Tools: Git, GitHub, Office JS, Excel Add-ins, Postman, Google Analytics

Professional Experience

Software Engineer | Insonix | April 2023 – Present

- Developed and maintained enterprise-grade applications using React.js, Next.js, Angular, TypeScript, Node.js, and Express.js.
- Designed scalable REST APIs and backend services supporting business-critical workflows.
- Built CMS-driven websites and applications using Storyblok, Strapi, and Payload CMS.
- Integrated payment gateways including Stripe and other third-party services.
- Implemented Docker-based deployments and automated CI/CD workflows.
- Leveraged AWS services including S3 and RDS for cloud-native architectures.
- Collaborated with cross-functional teams following Agile methodologies.

Key Projects

Enterprise CRM & Marketing Automation Platform

- Customer management, campaign automation, analytics, and reporting.
- Role-based access control and user activity tracking.

Legal Practice Management System

- Case management, document storage, scheduling, and client management.

Excel Add-in for Data Management

- Built Office JS add-in for data automation and API synchronization.

Headless CMS Website Platform

- Developed dynamic websites using Storyblok, Strapi, Payload CMS, and Next.js.

Security Operations Dashboard

- Real-time monitoring, alert visualization, and operational analytics.

Education

Master of Computer Applications (MCA) | Lovely Professional University | 2023 – 2025

Full Stack Java Developer Certification | JSpider/QSpider, Noida | 2022 – 2023

Bachelor of Computer Applications (BCA) | Guru Nanak Dev University | 2019 – 2022

Key Achievements

- Delivered multiple production-grade enterprise applications across diverse industries.
- Implemented cloud-native solutions using AWS and Docker.
- Built CMS-driven platforms with Storyblok, Strapi, and Payload CMS.
- Designed secure payment integration workflows.
- Developed scalable full-stack solutions with modern JavaScript and Java ecosystems.
